

To Whom it May Concern:

I highly recommend Elvin deSouza as a candidate for employment. Elvin was employed by Collegepond (Converge) as a Web Intern and was responsible for creating and maintaining web pages for the website, optimizing pages for load time, mobile viewing and accessibility and had revamped the website's frontend CSS and other styling. He helped increase traffic by monitoring SEO and making changes to SEO-related parameters. He also worked on various frontend and backend projects and was involved in Linux server troubleshooting.

Elvin has excellent communication and organizational skills. In addition, he is extremely professional, reliable and knowledgeable. He can work independently and is able to follow through to ensure that the job gets done. He is flexible and willing to work on any project assigned to him.

Elvin would be a tremendous asset to any company and has my highest recommendation. If you have any further questions regarding his skills and competencies, please do not hesitate to contact me.

Sincerely,

Farhan Khan,

Senior Marketing Manager,

Collegepond
